Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- By a small entity (Sec. 1.27(a))..... \$665.00
 - By other than a small entity..... \$1,330.00
- (b) Issue fee for issuing a design patent:
- By a small entity (Sec. 1.27(a))..... \$240.00
 - By other than a small entity..... \$480.00
- (c) Issue fee for issuing a plant patent:
- By a small entity (Sec. 1.27(a))..... \$320.00
 - By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

#C

1. The response to the election filed 10/10/2003 has been entered. Claims 7-10 had been canceled in a preliminary amendment. Claims 1-6 and 10-18 are pending. Applicant has elected Group V which is drawn to claim 13 without traverse. Applicant asked that the examiner consider rejoinder of Group V with the process of preparation of the compound of claim 13 which is Group II and contains claims 4-6.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Mukai on October 21, 2003.

The application has been amended as follows:

Claims 1-3, 11-12 and 14-18 have been canceled.

In claim 4, line 1 the phrase "A production method of" has been deleted and replaced with -- A method for producing --.

In claim 5, line 1 the phrase "The production method of" has been deleted and replaced with -- The method for producing --.

Art Unit: 1621

In claim 6, line 1 the phrase " A production method of " has been deleted and replaced with -- A method for producing -- .

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: The prior art does not anticipate or suggest the instant compound as being claimed nor the instant process for preparing the compound. The only art directed to this compound is applicant's own work found in CA:133:335633 which was published after the filing date of the office action. The examiner also found in the Beilstein records on line a compound with a Beilstein Reg No of 4080270 which was a sodium salt of 2,4-dinitroresorcin-6-sulfonic acid which has all the components of the structure but a different isomer. However, although the compound has been entered in the Beilstein Records there is no source (i.e. origin of the compound e.g. reference sales etc) provided in the record and therefore the examiner has attached this record to the office action solely to make the record complete.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1621

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jean F. Vollano whose telephone number is 703-305-4483. The examiner can normally be reached on Monday-Thursday 6:30 - 5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Johann Richter can be reached on 703-308-4532. The fax phone numbers for the organization where this application or proceeding is assigned are 703-308-4556 for regular communications and 703-308-4556 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703-308-1235.
